NEWS GATHERED FROM THE COUNTY

Interesting Notes Picked Up By Hustling Reporters in the Country Districts.

SAN BRUNO

The members off the HarmonyClub had a big time at their last meeting, when our new members were initiate There was an unusually large attendance of the members, and aft r the business was disposed of there was the usual smoker and its attendant fun. One of the guests of honor was Jas. T. O'Keefe candidate for District Attorney. For some time he entertained the boys with a flow of wit and naive humor which made friends of even those who were strangers. P. P. Chamberlain was also a visitor and joined in the sport.

The Mens Improvement Club of Lomita Park celebrated the completion of the new school house in great style giving a dance which was attended by a large number of visitors. One of the pleasing incidents was an interesting address by County Superintendent of Schools, R. W. Cloud.

It looks as if we were soon to have our share of modern conveniences. The telephone company has a force of men running lines into San Bruno, and it is reported that the gas and electric company is in the field looking for business.

Mrs. C. C. Scott of Marion is here visiting with her sister, Mrs. E. W. Netherton

It looks like Jas. T. O'Keefe would get a big vote in this section. Opponents of Bullock are concentrating on him as the most likely of the other candidates to win out.

The San Bruno school opened last week with the old corps of teachers. Most of the grades have a good attendance, but there is a scarcity of pupils in the seventh grade.

MOSS BEACH

The Ocean Shore Development Co. has purchased from John Kyne his property bordering on Seal Cove, between Moss Beach and Marine View. Although nothing has been given out, it is understood that the property will soon be platted for the market.

Mrs. J. C. Morton, who has been visiting at San Jose, has returned to her home at Marine View.

Mrs. C.F. Howland entertained a large party of friends at Five Hundred last Tuesday evening at Morse Hall. The hall was handsomely decorated for the occasion and after the games dainty refreshments were served.

The chief political interest on the coastside is the fight for the Republican nomination forDistrictAttorney. It is generally considered that the nomination will go to O'Keefe, who is regarded as the best man for the place. He has the confidence of the people of this section.

Jas. T. O'Keefe, the aspirant for District Attorney, is a San Mateo County man and is familiar with county affairs. The voters should consider this and cast their ballots for the man who can do the most good for the county. He is not in with any click or clan and will be perfectly free and independent in the discharge of the duties of the District Attorney's office. If the voters want such a man vote for Jas. T. O'Keefe.

Will Not Change Depot.

For several weeks past rumors have been industriously circulated to the effect that the Southern Pacific passenger depot in this city is to be moved from its present location to a point at the extreme southerly limits of the city. The rumor was given additional credence to the publications in the city and county papers. The story had the effect of causing a depression in the central part of town, and an uneasiness, especially among property owners and merchants. It is said that it has also been a source of disadvantage to the Five Points section where it was reported that the depot would be located in encouraging owners to place false values on their property, and in canceling sales that were being negotiated.

The following correspondence between Baldwin & Howell and the railroad company will set at rest the disturbing rumor:

San Francisco, August 5th, 1910.
E. E. Calvin, Esq., General Manager, Southern Pacific Company, Flood Building, San Francisco.
Dear Sir—A serious rumor is being industriously circulated to the effect that it is the intention of the Southern Pacific Company to move its passenger depot at Redwood City to a point some distance south of its present location.
Would you kindly advice us if your Company has any such intention?
Yours truly,
(Signed) BALDWIN & HOWELL.

Southern Pacific Company,
San Francisco, Cal., August 5th, 1910.
Baldwin & Howell, 318 Kearney street, San Francisco, Cal.
Gentlemen—Replying to your letter of this date in which you state that rumors are being circulated to the effect that the Southern Pacific Company contemplates moving its passenger depot at Redwood City to a point some distance south of its present location, I have to advise that to my knowledge this has never been considered, and your letter was the first information I had received that such a rumor was being circulated.
Yours truly,
(Signed) E. E. CALVIN.

Editor Democrat—Pardon my intrusion into the affairs of your political party, but the interests of the county justify such action on my part. In the selection of county officers I am not in the habit of being confined by party lines, and no good citizen who has the welfare of the people at heart should. I weigh men by their character and record. And when I go to the polls to cast my vote I vote for the best man regardless of what his party is. The four years administration of the present sheriff of this county have convinced me that we are in need of a SHERIFF—one who will uphold the law, who will be zealous, painstaking and fearless in serving the people. We cannot now look for such an official in our own party, therefore we must turn to the Democrats. You have two excellent candidates, men tried and true, each in his respective vocation. Mr. McEvoy has been and is an able and conscientious supervisor, while Joseph H. Mansfield was during his term of office one of the best sheriffs that California has had. It is to be regretted that two such worthy men should be pitted against eachother. But we must take a practical view of the situation. We want a good officer. Nominate Joe Mansfield and we Republicans will make his election sure. He knows the duties of the office, he is fearless and will spare neither friend nor foe in the enforcement of the law. Let us put an end to the farce that is being enacted and give the county a sheriff.

Yours for good government,
Republican.

CITY OFFICIAL PAPER

D. E. O'KEEFE, Editor and Proprietor

Vote for Keesling for Lieutenant-Governor, and you will vote for the best man.

Talk shoe factory, but don't forget that just at this time it is money that counts.

A tramp is a cross between crime and poverty. A dude is a cross between nothing and nobody.

Keesling is a man of character and attainments, especially fitted for Lieutenantt-Governor. Vote for him.

Don't worry neighbor, you will have plenty of chance to know that Chamberlain is a "live one" before the year is out.

When a man concludes that he is better than his party, isn't it about time he got out and started a new one of his own.

Republicans who want good government for San Mateo County will vote for Jas. T. O'Keefe for District Attorney.

Don't think politics so hard that you will forget to talk shoe factory. Boost the factory first and your candidate next.

If you want a clean business administration of the affairs of the office of District Attorney, vote for Jas T. O'Keefe.

Sheriff Chatham goes before the people on his record. It is a good one and the best we can do is to keep him where he is.

Did it ever occur to you that to be a success in the office of County Treasurer a man must of necessity be something of a financier.

Since when did it become a rule that a man who had accumulated enough money to own a few shares of bank stock must of necessity be a criminal?

The Superintendent of State Printing should be a practical printer. Friend W. Richardson is a practical printer and a good one, as well as a clean business man.

W. H. Underhill seeks re-election to the office of auditor He has made a painstaking, careful official who devotes his entire time to his duties. Keep him in office

With Jas. T. O'Keefe in the office of District Attorney| organized labor can always rest assured of fair treatment under the law. He has always proved himself the friend of the laboring man.

When you have a good thing hang on to it. As a representative in Congress E. A. Hayes has worked for the interest of Redwood City and San Mateo County. Keep him where he can do good for us.

It is the experience of every political campaign that now and then a disgruntled individual can be found who calls himself a Republican who is ready to lend his aid to the schemes of the opposing party.

Those in a position to be "wise" to the political situation in San Mateo County now claim that the fight for the Republican nomination for District Attorney is betweenO'Keefe and Bullock, with the odds in favor of O'Keefe.

During the time that James V. Neuman has occupied the office of County Surveyor he has thoroughly demonstrated his fitness for the position. Good public policy would dictate that a competent official should be retained.

Ambrose McSweeney is alone in his contest for the Republican nomination for tax collector. He made a good justice of the peace of the first township and will make a good tax collector His Democratic opponent will be Henry Butts of Redwood City.

Promises are good as far as they go. Facts are what count when it comes to handling money. While Chamberlain has been Treasurer the funds have always been on hand to meet legal claims against the county and that is what the tax payer wants.

Now that the movement for the shoe factory has taken legal form, no time should be lost in pushing the good work. That those behind the incorporationn mean business there is no question, but they must have the active and substantial support of the public in the work.

The voters of the Republican party who want a clean administration in the office of District Attorney are concentrating their strength largely on Jas. T. O'Keefe. Among the opponents of Bullock it is generally admitted that he stands by far the best chance of securing the place.

A vote for Charles F. Curry for the Republican nomination for Governor next Tuesday means a vote for an honest, business like administration of the affairs of that office. He has made a clean, manly canvass for the nomination, and as a candidate can command the united support of his party.

Major Keesling gave his time, money and energy to prevent the looting of San Francisco after the fire. He helped to feed the hungry and warm the shivering. He has always done what he could to help others. Help him to become Lieutenant-Governor.

The fact that C. D. Hayward has no opponent in the Republican party for the nomination for Assessor and that no one can be found in the Democratic party who will undertake a contest with him can be taken as nothing short of an emphatic public endorsement of his conduct of that important office.

Advocates of good government in the Republican party who care more for principles than men are rallying to the support of Jas. T. O'Keefe for District Attorney.After a careful review of the situation they are convinced that he is the only man who can wrest the nomination from the friends of the gamblers and toughs.

Business men of all sections of the county are endorsing the candidacy of Jas. T. O'Keefe for the nomination for District Attorney on the Republican ticket. They realize the importance of having a man of mature business judgment, as well as an experienced attorney, in that important position, and for this reas on consider him as by far the most available man for the place.

The Printers' Candidate.

Friend W. Richardson, editor of the Berkeley Gazette and president of the California Press Association,found it impossible to escape the demand that he should run for Superintendent of State Printing and finally consented to become a candidate for the Republican nomination. In speaking of his candidacy, the Oakland Enquirer has this to say:

"The press of the state had made practically a unanimous demand upon him, and although he had repeatedly said that he did not want to run for Governor, or any other office, still the presure was so strong that he could not decline. He has conducted a newspaper and job printing plant for many years and is thoroughly qualified to manage the state printing office. His Berkeley office is one of the model plants of the state and his attention to detail and executive force is shown in every department."

Faithful Service Recognized.

That Sheriff Chatham has made an acceptable officer to the members of his party is amply attested by the fact that none can be found to oppose his renomination. And this compliment is well deserved. During the time that Mr. Chatham has occupied the office of Sheriff instances have been exceedingly rare where arrests have not quickly followed the commission of crime in San Mateo county. While crimina's placed in his charge have been carefully and efficiently guarded, they have been treated with that kindness and consideration which is due from one human being to another under any circumstances. At no time has a reasonable suspicion of the commission of a crime been brought to his attention that a prompt investigation has not followed and the guilty, if any there were, brought to the bar of justice. The people generally know a good officer when they have one, and Chatham will be kept in the Sheriff's office, at least for another four years.

Will Aid Local Interests.

Hon. E. A. Hayes, candidate for the Republican nomination for Congress from the Fifth District, will, if returned have the greatest possible influence with his fellow members of the House in securing for San Francisco the Panama-Pacific Exposition. His acquaintanceship and high standing with the members and his perfect knowledge of the working methods and rules of the House will enable him to accomplish results for his district that an inexperienced man could not obtain. San Mateo County will share in the prosperity which will almost immediately follow favorable action on the part of Congress in locating the Panama-Pacific Exposition at San Francisco. In the accomplishment of these results Mr. Hayes, if re-elected, will be an important factor.

With the now almost certainty that in the near future Redwood City is to be an important manufacturing center, it is important to our people that continued improvement should be made in our waterway. It is to the prompt and effective action of Mr Hayes. that the appropriation for the improvement of RedwoodCreek was secured. He has shown by his works, the most certain demonstration, that he is our friend and as far as we can do should be kept where he can assist us to get the help we need. A vote for the nomination of Mr. Hayes means a vote to insure the future prosperity of Redwood City.

ANOTHER 'FRISCO LIE CALLED DOWN

Jas. T. O'Keefe Makes Emphatic Contradiction of Fake Newspaper Story.

As seems to be invariably the case in all matters relating to the affairs of San Mateo county, the Call, in common with the other San Francisco morning papers, has allowed itself to be seriously mislead by its local representatives when it undertakes to shed light upon the local political situation in its issue of Tuesday morning. To those who are at all familiar with affairs political in this county especially as regards the fight for the Republican nomination for District Attorney the underlying motive of the story is easily apparent. Among the informed it is plainly evident that the object of the author of the story was an attempt to bolster up the waining chances of the boy candidate from San Mateo, rather than to throw the light of facts upon the situation of the contest. Certainly the design of the article was not to impart information as to the facts surrounding the contest for the Disbeen the object its author would trict Attorney's office, for had this have taken some pains to at least provide himself with facts which among the people of San Mateo county are matters of common knowledge.

"A conglomeration of misstatements, without a particle of foundation or the slightest regard for the truth," is the manner in which Jas. T. O'Keefe characterized the article when his attention was called to it yesterday. "In the first place," said he, "it is a fact, well known to the people of the county that I announced my candidacy long before Mr. Bullock, and many weeks before Mr. Green's name was even mentioned. In fact when I first began my canvas it was generally expected that Bullock and myself were to be the only contestants.

"While Mr. Bullock and myself as men engaged in the same profession, have always been on good terms personally, we have nothing in common in our views of the conduct of the public affairs of the county. True. I have not devoted my efforts during my campaign to attempts to either belittle the public standing or besmirch the private character of my opponents. I have rather contented myself with a plain statement of my opinions as to the duties of the official position to which I aspire, and these are now well known. I do not expect nor have I sought the support of the lawless element, for the reason that I have emphatically announced that if I am elected District Attorney the laws will be strictly enforced.

That I am or at any time have been identified with any faction or clique is equally untrue. I have made no promises to any person or set of people, and if elected will go into the office free to administer its affairs without partiality or prejudice.

As for attempting to injure the chances of Mr. Green—that is even more rediculous, as I do not consider that he has now or ever did have the least reasonable chance of securing the nomination. I realize that the fight for the nomination is between myself and Bullock, and I am in the fight to win, as I fully believe I shall."

However I am not at all surprised at this statement coming from the Call. For years the newspapers of San Francisco have been doing their utmost to injure San Mateo County. For a long time it has been their practice to sieze upon every idle rumor, every jaundiced insinuation that could be possibly be preverted to the discredit or injury of the county. The people are well aware of this fact and have long since learned to estimate the statements of these papers at their true worth.

COUNTY CAMPAIGN NEARING ITS END

People of San Mateo County to Make First Test of Primary Law Next Tuesday.

Before another issue of this paper the primary election will have taken place and the result will be known. The Times-Gazette has conducted a clean campaign finding it unecessary to throw mud or take any unfair advantage of a single candidate. All have had an equal show. We will again mention the various aspirants and urge the voters to use their descretion in selecting the men who will appear on the ballot next November.

For the office of assemblyman Henry Ward Brown and Thomas L. Hickey are the Republican candidates Mr. Brown held the position for three terms and acquitted himself well. He is an honest and clever legislator. Mr. Hickey is a business man of South San Francisco who stands well with the commercial world and is a deserving young man. Ex-Supervisor Joseph Debenedetti and Attorney Davis of Burlingame are the Democratic aspirants. Mr. Debenedetti has a strong following in his party and will make a good run.

Robert S. Chatham has no opposition for the Republican nomination. He has made an excellent sheriff attending strictly to the duties of his office, making some clever captures of desperate criminals during his term. He is one of the most popular officials in the county and this is demonstrated by the fact that he has a clear field for the nomination. Supervisor P. H. McEvoy and J. H. Mansfield will contest for the Democratic nomination. The former has many friends who are working hard for his success.

There is a keen contest on for the Recordership. The Republican aspirants are James E. Fitzgerald of Menlo Park and H. O. Heiner of Redwood City. Both are clean clever young men with big followings. Both have worked hard during the campaign and have seen all the voters. The fortunate one will have no opposition in the Democratic party.

The big contest centers in the District Attorneyship. There are four candidates for the Republican nomination, James T. O'Keefe, Harry E. Styles, Kenneth Green and the incumbent, J. J. Bullock. All have made strenuous campaigns. It is conceded that O'Keefe is far in the lead and will win by a pronounced vote. The opposition to the present administration of the office have centered on him to carry the banner of the District Attorneyship to victory and therefore his election at this time s assured. Albert Mansfield, Archer Kincaid and Attorney Swarts are the Democratic aspirants. Mr. Kincaid is looked upon as a likely winner.

P. P. Chamberlain aspires to succeed himself as treasurer. He has ably filled the office for the past 28 years. His accounts have always been correct and every cent of the large sums of money handled by him have always been accounted for. His opponent at the primaries next Tuesday will be Fred Lippman, a local jeweler. He has resided at San Carlos for the past twenty years and is well and favorablye known throughout the county. J. V. Swift has announced that he will be an independent candidate for the office at the November election.

There is a pretty contest on for County Surveyor. James V. Neuman, the incumbent and F. W. Waggoner will seek the Republican nomination at the primaries next Tuesday. Mr. Neuman has made a splendid official and has shown marked ability. Mr. Waggoner is the city engineer of Burlingame and is a young man of decided ability. The successful candidate will have no opposition at the November election.

C. D. Hayward will have no opponent on Tuesday for the office of Assessor nor will he be opposed at the November election. This speaks well for the manner in which he has conducted the office. The people believe in him and want him to retain the office he has so satisfactorily filled.

H. G. Plymire is another lucky individual. He wil have no opposition for the position of coroner and public administrator. He is a genial gentleman who has administered the affairs of his office to the satisfaction of the people. There is no one in the county with temerity to oppose him.

W. H. Underhill seeks a renomination for auditor. He is always at his post of duty and by his obliging ways has made many friends while in office. Henry Offerman will oppose him at the polls next Tuesday. Both are seeking the Republican nomination. Mr. Offermann is a deserving young man who has spent his life in Redwood City where he is well and favorably known. He would make a good auditor.

Jos. H. Nash will be a free lance for the office of clerk .He has no opposition at the primaries next Tuesday nor will he have opposition at the November election.

Roy W. Cloud is another fortunate individual. He is certain of four years more in the office of the superintendent of schools for he has no opponent at either election.

NEWS GATHERED FROM THE COUNTY

Interesting Notes Picked Up By Hustling Reporters in the Country Districts.

PESCADERO NOTES

F. A Woodman was in town Sunday useing a cane as his knee is still lame.

Harry Good and his crew are at work putting in the concrete piers under the Bean Hollow bridge.

Joe Sylva will have his threshing machine ready to start work on Monday morning.

F. V. Keesling is the live, energetic, popular candidate for Lieutenant-Governor. His opponents are all from Los Angeles. Vote for him.

Harry Moore is over from Redwood City for a few days.

Mrs. Dave Jackson passed away in San Francisco where she underwent an operation. She leaves a large family to mourn her loss. She was an old resident of Pescadero and was buried here Thursday.

POMPONIA NOTES

Buffalo Bill from Woodside stopped a week with friends on the Pomponia. He says the rabbits are as plentiful on the creek as buffalo were on the plains in early days.

Mr. Taylor of Santa Clara was up and took a large raccoon home with him from the Pomponia.

The sign post at the forks of the Pomponia road seems to take the eye of most of the county politicians, even to the little men with big cards and big men with little cards.

John Feliz and professor Mick with the green neck tie were over from Woodside and spent a few days last week.

BURLINGAME NOTES

F. W. Waggoner, the republican candidate for the nomination for surveyor, has a great many friends here who are working hard for his election. He is a competent man and will do his whole duty if elected.

D. E. Woodworth has bought the Burlingame barber shop from Fred Perkins. He is an experienced tonsorial artist.

Jas. T. O'Keefe is very strong in Burlingame and will get a big vote here. His nomination for district attorney is practically assured. He willmake good in that office.

J. S. Madden has accepted a position in the San Joaquin valley and will be joined by Mrs. Madden and her pretty children very soon.

The election contest case has been taken to the Supreme Court on appeal from the district court. The case is now up for hearing before the higher court for a decision on the original point, viz., as to whether the superior court of the county has jurisdiction or not. It had been decided by the appellate court that the superior court had jurisdiction and the case had been submitted to Judge Buck, whose decision was expected almost daily and this decision would have given either Sheehan a seat on the board or resulted in a tie vote which would mean a new election. There seems to be a difference among the lawyers as to just what effect Judge Buck's decision will have, but the prevailing opinion is that the appeal will act as a stay of the proceedings and that the board will remain as it is until the Supreme Court decision is handed down which probably will be many months.

WOODSIDE NOTES

James V. Neuman, the Republican candidate for Surveyor will receive a big vote in Woodside, his boyhood home. He is a young man whom the voters can support for he is clean and a most exemplary citizen of ability and brains. His vote here will be almost unanimous.

Deer hunters have bagged several during the past week. They report game quite plentiful in the mountains.

James T. O'Keefe, the Republican nominee for district attorney, will receive a large vote in this precinct. He has resided all his life in the third township and the people are going to give him a big vote. He is so well known here that he will get nearly all the votes.

A big bear was seen near theFolger place last Friday. Several parties went out in search of brun but the animal was last seen making tracks for the mountains.

Mr. and Mrs. James A. Folger and the Misses Evelyn and Genevieve Cunningham and Platt Kent recently enjoyed a motor trip to Tahoe Tavern. Later in the month they will go to Del Monte for a stay of several weeks.

Johnson Man Praises Curry.

Ed Devlin, editor of the Santa Cruz "News," while an ardent Lincoln-Roosevelt champion and advocating the election of Hiram Johnson for Governor, has the following to say relative to Chas. F. Curry.

"The editor of this paper has known Mr. Curry for many years. There were years when he was a daily visitor at his office as Secretary of State. We say without equivocation that there was not a better managed office at the Capitol, and that no men worked harder than Chas. F. Curry's office force. In other departments the deputies would go home at 4 in the afternoon; his force would remain until 6. He required of his deputies the most extreme courtesy and spirit of accommodation in the treatment of the public. One day an old woman, poorly dressed, hobbled into the Secretary's office and asked one of the younger clerks in the outer room a question. The young man was very busy at the moment, and most people would have excused him for the rather abrupt manner in which he replied to her query. From his private office Curry heard, and dropping his pen he stalked out into the front room.

"What did you tell that old woman?" he demanded.

"I told her I didn't know," replied the clerk.

"Well, it is the business of this office to know, and I wish you would call her back and hunt up the facts she seeks until you do know," said the Secretary of State; and he remained at the doorway until he saw his order obeyed.

"That answer was typical of Chas. F. Curry's administration of his office force, as a whole, because there wasn't a deputy but who would get up in the middle of the night to open the Capitol and consult a public record, if someone needed the information. At times when you had to salaam to a dusky attendant to get into the Governor's office, the Secretary of State's office was open to the humblest citizen, and the entire office force ready to do him service. If Charlie Curry ever distinguished between the poor and the rich,the weak and the powerful, it escaped our attention,, in very extended acquaintanceship with this able public officer."

F. V. Keesling is the only candidate for Lieutenant-Governor from the north—all of his opponents are from Los Angeles.

REMINISCENSES OF PIONEER DAYS

Gleanings Fron the Records Left by the Men Who Laid the Foundation of San Mateo County Institutions

Although Redwood City has not always been fortunate in its manufacturing enterprises, it is evident that the business of manufacturing leather has ever been a gratifying exception to the rule. Factories may have come, but unfortunately factories have gone. To this the tanning business has proved a grand exception. This line seems to have never proved a failure and today this city is one of the leaders in this important industry, with its two large tanneries. That the business has grown since its early introduction may be surmised from the following notice of the Wentworth & Co. Tannery found in the columns of the Gazette of the issue of April 11, 1874. "Thursday last we visited this growing and prosperous establishment, located on the creek just below town. John Roney, the foreman, spoke most encouragingly of the prospects. There are now ten tanners at work, but next month there will be twenty. A large number of vats are being constructed. A second artesian well had to be sunk before the necessary water could be obtained. This second well is down 150 feet. The water raises to and flows seven feet above the surface, running over and into the vats. The water is soft and all that is required for the making of the best of leather. Immediately an engine is to be put up for the grinding of bark, rolling, etc. The proprietors intend to increase their facilities until their establishment in Redwood is one of the largest in the state. The success of Wentworth & Co. is worth thousands of dollars to Redwood as a manufacturing town."

For the first time since the incorporation of the town, the municipal election in Redwood City in May, 1874, brought out a real contest. At one or two of the preceeding elections there had been two tickets placed in the field, but in these cases the second ticket had been merely the work of a disgruntled few and had attracted no attention and secured barely sufficient votes to be mentioned in the returns. This time it was different and there was a lively contest, resulting in the casting of a large vote in proportion to the population of the town, the total vote cast being 202. The Trustees elected and the votes they received were as follows: H. N. Nutting, 114; John Crowley, 114; T. W. Lathrop, 112; Patrick Cullen, 104; C. N. Fox, 100; Charles Hadler, 98. The unsuccessful candidates for Trustees were: Geo. Plump, 96; Jas. Hilton 97; A. Teague, 84; John Hanley, 85. For police judge, J. Shelley received 120 votes and M. Walsh 83. For marshal, P. Doyle 106, and J. M Allen 96. For treasurer, Geo. W Fox 116, M. Kuck 86. For assessor there was no opposition to W. Whitlock, who received 201 votes, or all but one of the total.

That at some time in its history Redwood City must become the site of a successful shoe factory is shown by the persistency a with which efforts for the establishment of this important industry were put forth. Although within a year two firms had failed in attempts to make a paying investment of the business, still another San Francisco firm stood ready to embark in the venture, apparently convinced that the fault was not in the location. In the latter part of May of 1874, Winn & Curtis, of San Francisco, without asking for a bonus of any character and the slightest guarantee from the people, quietly rented the old shoe factory building in which two firms and failed, and brought down a small crew of men and started to do business. Among the employees were two men who had been in the employ of the old factories, under both Mason and Merrill, and who had probably been largely instrumental in inducing the people to undertake the new venture. The first business support of the new enterprise came as it properly should from the home merchants, all of whom placed orders with the new factory and kept their stock on sale. At the same time the people generally in the town showed a willingness to encourage the factory giving them many custom orders.

For some time before this the people of in the vicinity of Menlo Park had been agitating the question of fire protection. There had been a considerable loss because of the utter absence of means of fighting fire and it was believed that this means could only be secured through organized effort. This agitation took arganized shape on the 3d, of April, 1874, when a fire company was organized with the following officers: F. A. Atherton, chief; R, Roach, foreman; George Benjamin, assistant; A. C. Lathrop, secretary; D. Kuck, treasurer; Robert Day, sergeant-at-arms. Although the company was without means of securing aparatus, they had confidence in the support of the public, and an active canvass was commenced among the moneyed men of the place for the necessary wherewith all. The response was prompt and hearty and in the following June the company was provided with a Babcock engine which cost at the time in the neighborhood of $2000. As soon as the machine arrived, the fire company of Redwood was invited down to Menlo to give the machine its initiatory trial. A considerable number of the fire boys from here responded to the invitation, and from the reports of the visits all must have had a good time and the engine have had a good trial. In fact it seems that all kinds of engines were on duty, for the report of the visit as chronicled states after describing the trial of the Babcock that: "Five-gallon engines, of brewery manufacture were also brought in to play, all playing by turns till 9 o'clock, when the Redwood boys played for home, well satisfied with the new engine, the new firemen and the little engines that even the local optionists did not object to."

THE CONSULTATION.

What Her Sister Heard When She Listened to the Doctors.

One of two sisters who lived together was suddenly taken with a lung attack she feared was serious, says the London Telegraph. She therefore sent for a specialist and asked her doctor to meet him. Talking over his coming with her sister, she said: "Mona, I wish I could know Sir Henry B.'s real opinion. Neither he nor Dr. M. will tell us if there is anything really wrong, but I would much rather know."

Her sister replied: "Do not worry, dearest. You shall know everything, for I will go down to the dining room and stand behind the big oak screen and listen to every word they say."

"And will you be sure to tell me, Mona?"

"You may rely on me, dearest. I will tell you every word."

"Even if I am not to get well?"

"Even then, dearest," promised the loyal Mona.

The hour for the consultation arrived, and the sister went to the dining room and, standing behind the great oak screen, ensconced herself and prepared to listen.

By and by the two doctors were heard descending the stairs, and a moment later they came into the room. Walking over to the fireplace, the specialist sank into an easy chair and the local doctor sank into another. Then followed a moment's silence, broken by the specialist, who leaned a little forward.

"My dear M.," he said slowly as he looked across at his colleague, "of all the ugly women that's the very ugliest woman I've ever seen in my life."

"Is she?" replied the local doctor. "You wait until you've seen her sister."

About three years ago they were first used in our family, when we lived in Buffalo, N. Y. Their use in my case brought prompt and positive relief from pain and lameness in the back and other distressing difficulties due to weak kidneys. To say the least, the results were gratifying. Another person in our household who suffered from backache found Doan's Kidney Pills very effective and has used them off and on since then with good results."

Morgan's Raid Revived.

Of the many daring cowboy raids that took place during the Civil war the most famous and daring was that of John H. Morgan who with four thousand men in July 1863 crossed the Ohio river and invaded Indiana. Upon this historical incident a pretty military play called the "Raiders" has been written by Thomas L. Marble. This play will be produced in the Parochial Hall at Menlo Park on Wednesday evening, August 24th, at 8 o'clock. There is no necessity of dwelling on the ability and talent of the young men and women who will take part, as all who attended Shaun Aroon can testify to the success of that drama. Practically the same persons with some few additions will take part in the "Raiders". Rehearsals for the play have been under way for some weeks, and special scenery is being prepared to stage the play. A number of appropriate songs including the well known stirring Southern melody of "Dixie" will be introduced during the acts. Do not forget the date, Wednesday evening, August 24th at 8 o'clock. Admission will be as usual 50c for adults and 25cs for children and there will be ample room to accommodate all. This play will be produced only once and positively will not be repeated.

Ready For Active Promotion.

The Executive Committee of the Board of Trade held a meeting last evening, It was decided, now that articles of incorporation have been filed with the Secretary of State, to start circulating a subscription list to raise money for the shoe factory.

There will be displayed in the different windows of the stores cards announcing that the campaign is now on, and where subscriptions will be received.

For the first time in many years the people of Redwood are being offered a chance to show what they can do and show the willingness with which they will dig into their pockets. It is hardly possible to estimate the significance of this move Raising the money for the shoe factory in a very short time will be the biggest boost that Redwood City ever had. To fail, or to show lack of interest would be the worst thing that ever happened to the town.

PUBLIC OPPOSED TO MORE SALOONS

People Back Council in Opposing Increase of Retail Liquor Licenses in the City.

At the meeting of the Council last Monday night the Trustees placed themselves squarely on record as opposed to any further increase in the number of saloons in Redwood City, by the rejection of the application of Julius Ming for a license for a new saloon in the old Bell Theater site on Main street. In reporting adversely on the application, chairman Sampson of the committee on health and morals, stated that during the week he had been approached by a number of citizens who had urged that no increase in the nubmer of saloons be permitted, thus indicating the general public sentiment. In the same connection a communication was read from Mrs. George Squires, chairman of the civic section of the Redwood City Womans Club calling the attention of the Council to the following resolutions of protest:

Resolved, That the chairman of the Civic section of the Redwood City Woman's Club, be and she is hereby instructed on behalf of the directors and the Club to communicate with the board of Trustees of Redwood City and enter a formal protest on behalf of its wives, mothers, and children against granting any new saloon license for the location of saloons on Main, or any other street, And she is further instructed to express to the board of trustees that it is the opinion of this Club that the number of saloons now existing are a detriment to the commercial and moral progress of the city, and that they should, as rapidly as possible be decreased.

Resolved, That the Civic section of this Club take up and consider the subject of requesting the board of trustees to enact an ordinance which shall for all time limit saloon licenses to the number now existing or a less number.

Rev. C. C. Kirtland also addressed the Council in opposition to the granting of this license, urging that there were more saloons in the city at this time than the population would warrant and that the the sake of the good name of the city as well as for the advancement of the morals of its citizens at least no further increase in the number should be permitted, but rather some steps should be taken to decrease the number. He believed this stand would not only meet the general support of the people but the approval of the men now engaged in the business. Following a general discussion of the situation, the application of Mr. Ming was, on motion of Trustee Hynding, denied by a unanimous vote.

The contract for the construction of the concrete culverts and bridges on the County Road was awarded to C. W. Melvin.

On the report of Trustee Hynding, chairman of the committee on streets, that he had not been able to secure satisfactory data as to the most satisfactory amount of oil to be used, action on the bid for the repair of Mound street was again laid over for one week.

Some little time was devoted to a discussion of the financial condition of the city, with a view to determining the amount of funds necessary to be raised by taxation for the next fiscal year with a view to fixing the next tax levy. Owing to the absence from the city of Treasurer Towne no definite action was taken. Some fault was found with the assessment of city property, the increase in valuation being less than had been expected.

Charles Stutz informed the Council that the members of the Redwood City Band had abandoned the idea of building a band stand for this season. The cause of this change of plan was the fact that several members of the band would would be absent from the city until too late in the season to make it practicable to undertake the intended series of public concerts.

The ordinances regulating the sale of milk and cream and requiring the removal of poison oak from all premes within the city limits, both of which had been prepared by the Board of Health, were given final passage and are now laws of the city.

Ordinance No. 97, providing for general sanitary regulations, also prepared by the Board of Health, was introduced and given its first reading.

With a view to avoiding if possible the necessity for condemnation proceedings the members of thhe finance committee of the Council were requested to again consult with the owners of the property required for the extension of Phelps street. The desire of the Trustees seemed to be to deal liberally with the owners of the property and the finance committee was authorized to offer each property owner what is generally considered a very liberal price for the property needed.

Chairman Merrill again called attention to thre necessity of taking steps for a resumption of the consideration of plans for general street improvement which were before the Council last year. Trustee Hynding was requested to present some plan for the work at the next meeting. In this connection L. M Fletcher exhibited a sample of pavement which he informed the Council had been taken from a street where it had stood a constant wear for 12 years. Apparently the pavement was a compound of asphaltum and rock, and while it appeared to have withstood wear did not seem to strike the Trustees as especially adapted to the work.

The total vote of the county as registered for the primaries is 5,518. Of these 4218 are Republican, 102 declined to state party affiliation, 1085 are Democratic, 54 Socialist, 54 Union Labor and 4 Prohibition.

SAN FRANCISCO, Cal., July 22, 1910.

Board of Directors, Redwood City Commercial Bank and the Savings & Trust Co. of San Mateo County, Redwood City.

Gentlemen:—I herewith tender my resignation as president to take effect at your earliest convenience.

In severing my official connection with the bank I wish to state the reason to be that the bank should have an active president on the ground who could assume full control and responsibility, which on account of other business it is impossible for me to be. This fact I have realized for several years but on account of various reasons did not see my way clear to give up until the present.

I wish to thank you gentlemen for the courteous treatment you have always accorded me and for the manful way you have stood by our bank.

Yours very respectfully,

GEO. R. SNEATH.

Heber W. Lampkin is a progressive capable young man well educated and in every way qualified to serve the people of this township faithfully and well as a Justice of thePeace. He has worked with men and been with men for the past seventeen years and can therefore deal impartially but with justice when the weaknesses of his fellows are to be considered. He is no pettifogger but a big upstanding man who can take his tools and earn a good day's wages with the best of the men in his trade. This is the man that the Republicans could honor with their nomination for Justice of the Peace for the Third Township of San Mateo County.

Heber W. Lampkin was born in San Jose 34 years ago. He received a High School education and has since worked at his trade as a carpenter. He is a married man and has two little boys and a girl to bless his home. He owns a neat residence on the Woodside road and has paid for it from his savings as an artisan.

Mr. Lampkin desires the office of Justice of the Peace so that he can have more time in which to study law which he will take up under the direction of a San Francisco attorney, Mr. John D. Gish, who resides in Woodside and who was for a number of years professor of Law in the Los Angeles College of Law

CHAPTER 320. *An act to provide for the issuance and sale of state bonds to create a fund for the improvement of San Francisco harbor by the construction by the board of state harbor commissioners of wharves, piers, state railroad, spurs, betterments, and appurtenances and necessary dredging and filling in connection therewith in the city and county of San Francisco; to create a sinking fund for the payment of said bonds; to define the duties of state officers in relation thereto; to make an appropriation of five thousand dollars for the expense of printing said bonds; and to provide for the submission of this act to a vote of the people.*

The people of the State of California, represented in senate and assembly, do enact as follows:

SECTION 1. For the purpose of providing a fund for the payment of the indebtedness hereby authorized to be incurred by the board of state harbor commissioners for the erection of wharves, piers, seawall, state railroad, spurs, betterments and appurtenances and necessary dredging and filling in connection therewith in the city and county of San Francisco, at a cost not to exceed nine million dollars (which said wharves, piers, seawall, state railroad, spurs, betterments and appurtenances and necessary dredging and filling in connection therewith the board of state harbor commissioners are hereby empowered to construct and do in the manner, authorized by law, and at a cost not to exceed said nine million dollars), the state treasurer shall, immediately after the issuance of the proclamation of the governor, provided for in section 10 hereof, prepare nine thousand suitable bonds of the State of California, in the denomination of one thousand dollars each. The whole issue of said bonds shall not exceed the sum of nine million dollars, and said bonds shall bear interest at the rate of four per centum per annum, from the date of issuance thereof, and both principal and interest shall be payable in gold coin of the present standard value, and they shall be payable at the office of the state treasurer, at the expiration of seventy-four years from their date, subject, however, to redemption by lot as in this act hereinafter provided. Said bonds shall bear date the second day of July, A. D. nineteen hundred and eleven, and shall be made payable on the second day of July, nineteen hundred and eighty-five. The interest accruing on such of said bonds as are sold, shall be due and payable at the office of the state treasurer on the second day of January, and on the second day of July, of each year after the sale of the same; provided, that the first payment of interest shall be made on the second day of July, nineteen hundred and twelve, on so many of said bonds as may have been theretofore sold. At the expiration of seventy-four years from the date of said bonds, all bonds sold shall cease to bear interest and likewise all bonds redeemed by lot shall cease to bear interest as in this act provided, and the said state treasurer shall call in, forthwith pay and cancel the same, out of the moneys in the second San Francisco seawall sinking fund provided for in this act, and, he shall on the first Monday of July, nineteen hundred and eighty-five, also cancel and destroy all bonds not theretofore sold. Each bond shall contain a clause that it is subject to redemption by lot after the year nineteen hundred and fifty.

SEC. 2. Interest coupons shall be attached to each of said bonds, so that such coupons may be removed without injury to, or mutilation of the bond. Said coupons shall be consecutively numbered, and shall bear the lithographed signature of the state treasurer who shall be in office on the second day of July, 1911. But no interest on any of said bonds shall be paid for any time which may intervene between the date of any of said bonds and the issue and sale thereof to a purchaser, unless such accrued interest shall have been, by the purchaser of said bond, paid to the state at the time of such sale.

SEC. 3. The sum of five thusand dollars is hereby appropriated to pay the expense that may be incurred by the state treasurer in having said bonds prepared. Said amount shall be paid out of the San Francisco harbor improvement fund on controller's warrants, duly drawn for that purpose.

SEC. 4. When the bonds authorized to be issued under this act shall be duly executed, they shall be by the state treasurer sold at public auction to the highest bidder for cash, in such parcels and numbers as said treasurer shall be directed by the governor of the state, under seal thereof, after a resolution requesting such sale shall have been adopted by the board of state harbor commissioners, and approved by either the governor of the state or mayor of the city and county of San Francisco, who shall only approve the same when in their judgment the actual harbor receipts, and those reasonably anticipated, will justify such sale of bonds and the consequent increased burden on harbor receipts; but said treasurer must reject any and all bids for said bonds, or for any of them, which shall be below the par value of said bonds so offered plus the interest which has accrued thereon between the date of sale and the last preceding interest maturity date; and he may, by public announcement at the place and time fixed for the sale, continue such sale, as to the whole of the bonds offered, or any part thereof offered, to such time and place as he may select. The cost of such publication shall be paid out of the San Francisco harbor improvement fund, on controller's warrants duly drawn for that purpose. The state treasurer shall give notice of the time and place of sale by publication in two newspapers published in the city and county of San Francisco and in one newspaper published in the city of Oakland, and in one newspaper published in the city of Los Angeles and in one newspaper published in the city of Sacramento once a week for four weeks next preceding the date fixed for such sale. In addition to the notice last above provided for, the state treasurer may give such further notice as he may deem advisable, but the expenses and cost of such additional notice shall not exceed the sum of five hundred dollars for each sale so advertised.

There is hereby created in and for the state treasury a fund to be known and designated as the "State Highway Fund," and immediately after such sale of bonds the treasurer of the state shall pay into the state treasury and cause to be placed in said state highway fund the total amount received for said bonds, except such amount as may have been paid as accrued interest thereon. The amount that shall have been paid at such sale as accrued interest on the bonds sold shall be by the treasurer of the state, immediately after such sale, paid into the treasury of the state and placed in the interest and sinking fund.

The moneys placed in the state highway fund, pursuant to the provisions of this section, shall be used exclusively for the acquisition of rights of way for and the acquisition and construction of said system of state highways. The route or routes of said state highways shall be selected by the department of engineering and said route shall be so selected and said highways so laid out and constructed or acquired as to constitute a continuous and connected state highway system running north and south through the state traversing the Sacramento and San Joaquin valleys and along the Pacific coast by the most direct and practicable routes, connecting the county seats of the several counties through which it passes and joining the centers of population, together with such branch roads as may be necessary to connect therewith the several county seats lying east and west of such state highway.

Moneys shall be drawn from said state highway fund for the purposes of this act upon warrants duly drawn by the controller of the state upon demands made by the department of engineering and audited by the state board of examiners.

SEC. 5. There is hereby appropriated from the general fund in the state treasury such sum annually as will be necessary to pay the principal of and the interest on the bonds, issued and sold pursuant to the provisions of this act, as said principal and interest becomes due and payable.

There shall be collected annually in the same manner and at the same time as other state revenue is collected such a sum, in addition to the ordinary revenues of the state as shall be required to pay the principal and interest on said bonds as herein provided, and it is hereby made the duty of all officers charged by law with any duty in regard to the collection of said revenue, to do and perform each and every act which shall be necessary to collect such additional sum.

The treasurer of the state shall, on the first day of January, 1912, and on the first day of each July and the first day of each January thereafter transfer from the general fund of the state treasury to the interest and sinking fund such an amount of the money by this act appropriated as shall be required to pay the interest on the bonds theretofore sold, until the interest on all of said bonds so sold shall have been paid or shall have become due in accordance with the provisions of this act.

There is hereby created in the state treasury a fund to be known and designated as the "State Highway and Sinking Fund." The treasurer of the state shall on the first day of July of the year 1917, and on the first day of July, of each and every year thereafter in which a parcel of the bonds sold pursuant to the provisions of this act shall become due, transfer from the general fund of the state treasury to the said state highway sinking fund such an amount of the moneys appropriated by this act as may be required to pay the principal of the bonds so becoming due and payable in such years.

SEC. 6. The principal of all of said bonds sold shall be paid at the time the same becomes due, from the state highway sinking fund, and the interest on all bonds sold shall be paid at the time said interest becomes due, from the interest and sinking fund. Both principal and interest shall be so paid upon warrants duly drawn by the controller of the state upon demands audited by the state board of examiners, and the faith of the State of California is hereby pledged for the payment of the principal of said bonds so sold, and the interest accruing thereon.

SEC. 7. The state controller and state treasurer shall keep full and particular account and record of all their proceedings under this act and they shall transmit to the governor in triplicate an abstract of all such proceedings thereunder with an annual report in triplicate, one copy of each to be by the governor, laid before each house of the legislature biennially. All books and papers pertaining to the matter provided for in this act shall, at all times, be open to the inspection of any party interested, or the governor, or the attorney-general, or a committee of either branch of the legislature or a joint committee of both or any citizen of the state.

SEC. 8. The highway constructed or acquired under the provisions of this act shall be permanent in character and be finished with oil or macadam or a combination of both, or of such other material as in the judgment of the said department of engineering shall be most suitable and best adapted to the particular locality traversed. The state department of engineering, in the name of the people of the State of California, may purchase, receive by donation or dedication, or lease any right of way, rock quarry or land necessary or proper for the construction, use or maintenance of said state highway and shall proceed, if necessary, to condemn under the provisions of the Code of Civil Procedure relating to such proceedings any necessary or proper right of way, rock quarry or land. The department of engineering shall have full power and authority to purchase all supplies, material, machinery and to do all other things necessary or proper in the construction and maintenance of said state highway. With the exception of those public highways which have been permanently improved under county or permanent road division bond issues within three years prior to the adoption of this act; all public highways within this state lying within the right of way of said state highway as determined and adopted by the department of engineering shall be and the same shall become a part of the right of way of said state highway, without compensation being paid therefor; provided nothing herein contained shall require the state to maintain any highway along or on said right of way, prior to the completion or acquisition of the permanent improvements contemplated by this act. Whenever any money received from the sale of bonds, under the provisions of this act, shall be expended in any county in this state, such county must pay into the state treasury such sum each year as shall equal the interest, at the rate of four per cent per annum, upon the entire sum of money expended within such county in the construction of said state highway, less such portion of said amount expended as the bonds matured under the provisions of this act, shall bear to the total number of bonds sold and outstanding. All highways constructed or acquired under the provisions of this act shall be permanently maintained and controlled by the State of California.

SEC. 9. This act, if adopted by the people, shall take effect on the thirty-first day of December, 1910, as to all its provisions except those relating to, and necessary for, its submission to the people and for returning, canvassing and proclaiming the votes, and to such accepted provisions this act shall take effect immediately.

SEC. 10. This act shall be submitted to the people of the State of California for their ratification at the next general election to be holden in the month of November, 1910, A. D., and all ballots at said election shall have printed thereon, and at the end thereof, the words "For the state highway act"; and in a separate line, under the same, the words "Against the state highway act." Opposite said lines there shall be left spaces in which the voters may make or stamp a cross to indicate whether they vote for or against said act, and those voting for said act shall do so by placing a cross opposite the words "For the state highway act," and all those voting against the said act shall do so by placing a cross opposite the words "Against the state highway act." The governor of this state shall include the submission of this act to the people, as aforesaid, in his proclamation calling for said general election.

SEC. 11. The votes cast for or against this act shall be counted, returned and canvassed and declared in the same manner and subject to the same rules as votes cast for state officers, and if it appears that said act shall have received a majority of all the votes cast for and against it at such election, as aforesaid, then the same shall have effect as hereinbefore provided and shall be irrepealable until the principal and interest of the liabilities herein created shall be paid and discharged, and the governor shall make proclamation thereof. But if a majority of the votes cast, as aforesaid, are against this act then the same shall be and become void.

SEC. 12. It shall be the duty of the secretary of state to have this act published in at least one newspaper in each county, or city and county, if one be published therein, throughout this state, for three months next preceding the general election to be holden in the month of November, A. D. nineteen hundred and ten; the cost of publication shall be paid out of the general fund, on controller's warrants duly drawn for the purpose.

SEC. 13. This act shall be known and cited as the "State Highway Act."

The people of the State of California, represented in Senate and assembly, do enact as follows:

SECTION 1. For the purpose of providing a fund for the payment of the indebtedness authorized to be incurred by the board of state harbor commissioners for the acquisition of the necessary area for a tidal basin, extending the area of India basin, on the water front of the city and county of San Francisco, as provided in an act entitled: "An act to authorize and direct the board of state harbor commissioners to institute condemnation proceedings against certain property north of India basin, and extending to Islais creek in the city and county of San Francisco, and extending the jurisdiction of said board over the same, and providing for the payment of judgments from the proceeds of bonds issued and sold under the provisions of an act entitled 'An act to provide for the issuance and sale of state bonds to create a fund for the acquisition by the board of state harbor commissioners, of a necessary area for a tidal basin, for wharves, docks, piers, harbors and appurtenances, in the city and county of San Francisco; to create a sinking fund for the payment of said bonds; and defining the duties of state officers in relation thereto; making an appropriation of one thousand dollars for the expense of printing said bonds; and providing for the submission of this act to a vote of the people,'" the state treasurer shall, immediately after the issuance of the proclamation of the governor, provided for in section 10 hereof, prepare one thousand suitable bonds of the State of California, in the denomination of one thousand dollars each. The whole issue of said bonds shall not exceed the sum of one million dollars, and said bonds shall bear interest at the rate of four per centum per annum, from the time of the sale thereof, and both principal and interest shall be payable in gold coin of the present standard value, and they shall be payable at the office of the state treasurer, at the expiration of seventy-four years from their date, subject, however, to redemption by lot as in this act hereinafter provided. Said bonds shall bear date the second day of January, A. D. 1911, and shall be made payable on the second day of January, A. D. 1985. The interest accruing on such of said bonds as are sold, shall be due and payable at the office of the state treasurer, on the second day of January, and on the second day of July, of each year after the sale of the same; provided that the first payment of interest shall be made on the second day of January, A. D. 1912, on so many of said bonds as may have been theretofore sold. At the expiration of seventy-four years from the date of said bonds, all bonds sold shall cease to bear interest, and likewise all bonds redeemed by lot shall cease to bear interest, as in this act provided, and the said state treasurer shall call in, forthwith pay and cancel the same, out of moneys in the "India Basin Sinking Fund," provided for in this act, and, he shall, on the first Monday of January, A. D. 1985, also cancel and destroy all bonds not theretofore sold. All bonds issued shall be signed by the governor, and countersigned by the controller, and shall be endorsed by the state treasurer, and each shall have the seal of the state stamped thereon. Each bond shall contain a clause that it is subject to redemption by lot after the year nineteen hundred and thirty-nine.

SEC. 2. Interest coupons shall be attached to each of said bonds, so that such coupons may be removed without injury to or mutilation of the bond. Said coupons shall be consecutively numbered, and shall be signed by the state treasurer. But no interest on any of said bonds shall be paid for any time which may intervene between the date of any of said bonds, and the issue and sale thereof to a purchaser.

SEC. 3. The sum of one thousand dollars is hereby appropriated to pay the expense that may be incurred by the state treasurer in having said bonds prepared. Said amount shall be paid out of the "San Francisco Harbor Improvement Fund," on controller's warrants, duly drawn for that purpose.

SEC. 4. When the bonds authorized to be issued under this act shall be duly executed, they shall be sold by the state treasurer at public auction to the highest bidder for cash, in such parcels and numbers as said state treasurer shall determine; but said treasurer must reject any and all bids for said bonds, or for any of them, which shall be below the par value of said bonds so offered for sale, and he may by public announcement at the place and time fixed for the sale, for good and sufficient cause, continue such sale as to the whole of the bonds offered or any part thereof offered, to such time and place as he may select, not exceeding, however, sixty days. Due notice of the time and place of sale of all bonds, and of the postponement of sale thereof, must be given by said treasurer by publication in two newspapers published in the city and county of San Francisco, and also by publication in one newspaper published in the city of Oakland, and by publication in one newspaper published in the city of Los Angeles, and by publication in one newspaper published in the city of Sacramento, once a week during four weeks prior to such sale. The costs of such publication shall be paid out of the "San Francisco Harbor Improvement Fund" on controller's warrants, duly drawn for that purpose. The proceeds of the sale of such bonds shall be forthwith paid over by said treasurer into the treasury, and must be by him kept in a separate fund to be known and designated as the "India Basin Fund," and must be used exclusively for the acquisition of the area described in the act referred to in section 1 hereof. Drafts and warrants upon said fund shall be drawn upon and shall be paid out of said fund in the same manner as drafts and warrants are drawn upon and paid out of the "San Francisco Harbor Improvement Fund."

SEC. 5. For the payment of the principal and interest of said bonds a sinking fund to be known and designated as the "India Basin Sinking Fund" shall be, and the same is hereby created as follows, to wit: The state treasurer shall, on the first day of each and every month, after the second day of December, A. D. 1928, take from the "San Francisco Harbor Improvement Fund," such sum as, multiplied by the time the bonds then sold and outstanding have to run, will equal the principal of the bonds sold and outstanding at the time said treasurer shall so take said sum from said "San Francisco Harbor Improvement Fund," less the amount thertofore taken therefrom for said purpose; and he shall place the sum in the "India Basin Sinking Fund," created by this act. Said state treasurer shall, on controller's warrants, duly drawn for that purpose, employ the moneys in said sinking fund in the purchase of bonds of the United States, or of the State of California, or of the several counties or municipalities of the State of California, which said bonds shall be kept in a proper receptacle, appropriately labeled; but he must always keep on hand a sufficient amount of money in said sinking fund with which to pay the interest on such of the state bonds herein provided to be issued as may have theretofore been sold; and to provide means for the payment of interest on the bonds that may be sold and outstanding, said treasurer shall monthly take from the "San Francisco Harbor Improvement Fund," and pay into said "India Basin Sinking Fund," an amount equal to the monthly interest then due on all bonds then sold, delivered and outstanding. The board of state harbor commissioners is hereby authorized and directed by the collection of dockage, tolls, rents, wharfage and cranage, to collect a sum of money sufficient for the purposes of this act, over and above the amount limited by section two thousand five hundred and twenty-six of the Political Code of the State of California. Between the first and tenth day of November, in the year nineteen hundred and forty, and between the first and tenth day of November of each year thereafter, until the maturity of said bonds, the said treasurer shall, in the presence of the governor, proceed to draw by lot such an amount of bonds as shall be requisite to exhaust as nearly as may be, the amount in said sinking fund at that time, and shall thereupon and before the tenth day of December following, give notice by public advertisement to be inserted twice a week for two weeks in two newspapers published in the city and county of San Francisco, and also in one newspaper published in the city of Oakland, and also in one newspaper published in the city of Los Angeles, and also in one newspaper published in the city of Sacramento, stating the number of bonds so drawn, and that the principal of said bonds shall be paid on presentation to the treasurer on or before the second day of January, following, and that from and after such last named date, all interest upon bonds thus drawn shall cease, and it shall be the duty of the treasurer as soon as said bonds so drawn by lot are surrendered to him and paid, to cancel the same, and the interest coupons thereon, and each year beginning with the year nineteen hundred and forty, the said treasurer shall, in the manner aforesaid, proceed to draw by lot such an amount of bonds as shall be requisite to exhaust as nearly as may be the amount in said sinking fund, and proceed in the manner hereinabove stated. After the payment of all said bonds, the surplus or balance remaining in said sinking fund, if any there be, shall forthwith be paid into the "San Francisco Harbor Improvement Fund." At the time of the respective drawings by lot, as aforesaid, and also at the maturity of said state bonds, said treasurer shall sell the United States bonds, or other bonds, then in said sinking fund, at governing market rates, after advertising the sale thereof, in the manner hereinbefore provided for the sale of bonds hereby authorized to be issued, and shall use the proceeds for the payment of such bonds as may be drawn by lot, and at the maturity of said bonds outstanding shall pay and redeem said matured outstanding bonds, out of said money in said fund, in extinguishment of said bonds, on controller's warrants, duly drawn for that purpose.

SEC. 6. The state controller and the state treasurer shall keep full and particular account and record of all of their proceedings under this act, and they shall transmit to the governor an abstract of all such proceedings thereunder, with an annual report to be by the governor laid before the legislature biennially; and all books and papers pertaining to the matter provided for in this act shall at all times be open to the inspection of any party interested, or the governor, or the attorney-general, or a committee of either branch of the legislature, or a joint committee of both, or any citizen of the state.

SEC. 7. It shall be the duty of the state treasurer to pay the interest of said bonds when the same falls due, out of the sinking fund provided for in this act, on controller's warrants duly drawn for that purpose.

SEC. 8. This act, if adopted by the people, shall take effect on the thirty-first day of December, A. D. nineteen hundred and ten, as to all its provisions except those relating to and necessary for its submission to the people, and for returning, canvassing and proclaiming the votes, and as to said excepted provisions this act shall take effect immediately.

SEC. 9. This act shall be submitted to the people of the State of California, for their ratification at the next general election to be holden in the month of November, A. D. nineteen hundred and ten, and all ballots at said election shall have printed thereon, the words, "For the India Basin Act," and in the same square, under said words the following in brevier type: "This act provides for the acquisition of a tidal basin in the bay of San Francisco for harbor purposes, and for the payment of all costs thereof out of the 'San Francisco Harbor Improvement Fund.'" The governor of this state shall include the submission of this act to the people, as aforesaid, in his proclamation calling for said general election.

SEC. 10. The vote cast for or against this act shall be counted, returned and canvassed and declared in the same manner and subject to the same rules as votes cast for state officers; and if it appear that said act shall have received a majority of all the votes cast for and against it at said election, as aforesaid, then the same shall have effect as hereinabove provided, and shall be irrepealable until the principal and interest of the liabilities herein created shall be paid and discharged, and the governor shall make proclamation thereof; but if a majority of the votes cast, as aforesaid, are against this act, then the same shall be and become void.

SEC. 11. It shall be the duty of the secretary of state to have this act published in at least one newspaper in each county, or city and county, if one be published therein, throughout this state, for three months next preceding the general election to be holden in the month of November, A.
